From (Name) Rao Bahadur N.J.Joseph, I.S.E.,

Designation Superintending Engineer,

Station Coimbatore Circle, Coimbatore

Received Registered

To

The Chief Engineer General,

MADRAS.

Enclosures:

No. 1749W dated 5—8 1942

Sir,

Sub: Allowance - Conveyance allowance - Special A.R.P. Assistant Engineer, Mangalore - sanction requested.

I forward herewith a copy of letter No. 274-ARP dated 27-7-42 from the Sub Divisional Officer, A.R.P. Sub Division, Mangalore, requesting to grant him a conveyance allowance to cover the expenditure incurred by him for touring for inspection of the works.

2. The Executive Engineer, West Coast Division recommends a sum of Rs.50/- per mensem.

3. Considering the extent of jurisdiction and the nature and urgency of the works which warrants inspection by the Sub Divisional Officer almost daily, I consider the

the amount recommended by the Executive Engineer as reasonable if a car is ~~xxxx~~ maintained and request that sanction of Government may kindly be obtained thereto.

Sd. N.J.Joseph, 4-8-42
Superintending Engineer,
Coimbatore Circle.

COPY of letter dated 26-7-42 from Sri U. Subba Rao, Sub Divisional Officer, A.R.P. Mangalore to the Executive Engineer, West Coast Division.

Sub: A.R.P. Sub Division, Mangalore - Conveyance allowance.

The jurisdiction of this sub division extends over nearly 10.2 Sq. miles and works are situated in every nook and corner of the Municipal Town. Jutkas and motor taxis are the usual ~~kind~~ conveyances - the usual rate for jutkas is Rs.3/- per day and Re.1/- per hour for taxis. There are nearly 50 miles of roads to be covered and it is impossible to get on without a conveyance. I am now managing with a hired jutka at Rs.2-8-0 per day. I have no objection to maintain a car also if I can get petrol for it and sufficient allowance for maintaining it. The Special A.R.P. Officer here as well as in other places are given a conveyance allowance of Rs.50/- per mensem and the work of inspection of the works and check measurements frequently requires more of touring and I therefore beg to request you to be kind enough to recommend some allowance based on the above data.

---oo--

Endt. No.1513-SE dated 31-7-42.

Forwarded to the Superintending Engineer, Coimbatore.

The sanction of Government may kindly be obtained for grant of a conveyance allowance of Rs.50/- per mensem to the Sub Divisional

PROCEEDINGS / MEMORANDUM OF THE Chief Engineer, P.W.B.(General).

Post Box No. 410 *Telegraphic Address* Quyadamica

Name Sri Rao Bahadur L. Venkatakrishna Ayyar, B.A.,B.E.,

No. 5269-Ad / 42-3 , *dated* 15th October, 1942

Short title Allowance - conveyance allownace - special A.R.P. Assistant Engineer, Mangalore

READ—the following:—

From the Superintending Engineer, Coimbatore Circle, Endorsm letter No. 2237-W. dated 30th September 1942.

Reference:-- Your Endorsement No. 5269-Ad/42-2 dated 8th September 1942

I forward herewith a copy of letter No.509-ARP dated 14th September 1942 from the Sub Divisional Officer, A.R.P. Sub Division, Mangalore, together with the endorsement of the Executive Engineer, West Coast Division thereon.

2. I agree with the difficulties expressed by the Sub Divisional Officer in his letter cycling on a push-byke is not possible for long distances daily in Mangalore town which is hilly and where roads have steep gradients.

3. Under the circumstances, I recommend that the Assistant Engineer be sanctioned a conveyance allowance of Rs.50/- per mensem with effect from the date of his joining the Sub Division.

Submitted to Government with reference to their Memorandum No. 4013-22/42-3 dated 30th August 1942

2. I agree with the Superintending Engineer that cycling on a push-bike is not possible for long distances daily in Mangalore town which is hilly and where roads have steep gradients. I therefore recommend that the Assistant Engineer may be permitted to maintain a Jutka or a tonga and allowed a conveyance allowance of Rs.50/- per mensem.

J.V. Subramaniam 16.10.42

for Chief Engineer, P.W.D.-General.

To the Secretary to Government,
Public Works Department.

Copy of letter No. 509-A.R.P. dated 14-9-1942 from the Assistant Engineer, P.W.D., A.R.P., Mangalore sub division to the Executive Engineer, West Coast Division:--

Subject:- Conveyance allowance - Special Assistant Engineer - Mangalore - Chief Engineer's Endorsement No. 5269-Ad/42-1 dated 8th September 1942 and Superintending Engineer's No. 1089-Wc. dated 12-9-1942.

Referring to the above, I beg to

beg to ~~REPAIR~~ submit that I am maintaining hired conveyance of a horse jutka paying Rs.60/- per mensem. The daily distance crossed up for such inspections is not less than 10 to 15 miles per day and I have already reported that even Sundays are not excepted for A.R.P. Works as works have to be estimated for and carried out urgently. The workspot is not a single spot but scattered over a hundred places in every nook and corner of the Municipality now the A.R.P. area has been extended over 4 more square miles due to additional posts of wardens sanctioned by the Government.

Special A.R.P. Officers with less travelling are paid a conveyance allowance of Rs. 50/- per mensem by the Government and the work of P.W.D. Officer is decidedly four times heavy by way of inspection and check measurements frequently and I need not dilate any more either on the jurisdiction of the necessity of frequent inspections of works unlike the regular P.W.D. -- This question may therefore be kindly considered from all points of view.

In view of rationing of petrol, I doubt very much whether petrol can be had for the everyday touring by car. and hence there is no other cheaper conveyance than a jutka for this place. The whole town is hilly with ups and downs It is impossible to use bicycle for long distances and heavy downpour of rain for four or five months. If I am asked to use bike for the works inspection, I must be prepared to court death earlier by heart disease and for this contingency I have not insured my life heavily.

Endt. No. 18/L.S.E. dated 26.9.42

Copy forwarded to the Superintending Engineer, Coimbatore Circle with reference to Endorsement No. 1089-WC dated 12-9-1942. Maintenance of a jutka or tonga is pretty costly now and I recommend that an allowance of Rs.50/- per mensem be paid to the Assistant Engineer

Pub (CD) Dept

How does this compare with the recent orders about conveyance allowance for Sub ARP Officers?

M 18/8/42

conveyance allowance of Rs 25/- p.m. has been sanctioned recently to the special A.R.P. officers in each of the towns Cuddalore, Conjeevaram and Nanuliptam. Mangalore is a class III Town and the Spl. A.R.P. officer there gets a conveyance allowance of Rs 50/- p.m. In this connection reference is solicited to the notes on pp. 2-3 (ante) in the L.F. below.

19/8/42

The draft may be accepted but P(CD) may see the L.F. for information and return

Our proposal should be referred to Finance for orders

M 21/8/42

P.W.D.U.O. 4013-II/42-2
21-8-42.

The Special Asst. Engineers for A.R.P. works at Rajahmundry & Cocanada and at Calicut have been granted a conveyance allowance of Rs 50 each p.m - see G.O.s no. 1706 P.W.S. 1-6-1942 & 2307 P.W.S. 6.7.42. ~~But there is a third Special Asst. Engineer at Mangalore is a class by himself for A.R.P. purposes~~ The conveyance allowance of Rs. 50 is evidently for the maintenance of a motor car. ~~In which case the question to be considered is whether~~ it is absolutely necessary for the Asst. Engineer at Mangalore to maintain a motor car. It must be seen from page 3 C.E. that he is managing with a Jutka at present and obviously this conveyance meets his needs. Further in view of the severe restrictions on the consumption of petrol, it would seem necessary not to encourage the maintenance of a motor car unless it is essential for an officers efficiency. Finance may therefore suggest that the Asst. Engineer may use a conveyance other than a motor car and that he may be granted a conveyance allowance of Rs. 25/- p.m.

25-8-42

26.8.42

Fin. would suggest that a car is not essential in this case tho' it would no doubt save some time. The officer might perhaps manage very well with a bicycle in this restricted area, if he can cycle. Fin would suggest that this be put to the C.E. & he be asked what allowance he would recommend for a conveyance other than a car & motor-cycle. DWD 26.8.42 P.W.

Please see the file note at P.3 ante. A draft memo to the C.E.(R) is submitted.

29/8/42 30/8/42

Memo issued as No. 4013-II/42-3 dt 30/8/42

From the C.E.(R) Endt. No. 5269-A1/42-3 dt 15/X/42

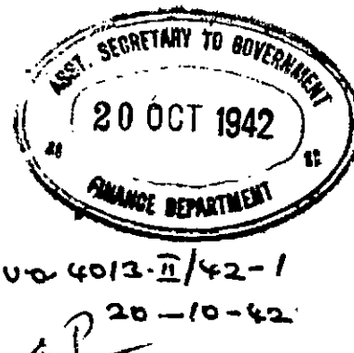
To A.S.

Please see the cross endt at pp 7-8 cf. It is reported that cycling on a push-bike is not possible for long distances daily in Mangalore town. The C.E. therefore recommends that the Asst Engineer may be permitted to maintain a jutka or a tonga and granted a conveyance allowance of Rs. 50/- per mensem. For orders whether in the circumstances the C.E's recommendation could be accepted. If so, the file may be sent to Finance for remarks.

17/X/42 19/10/42 The Asst. Engr. says he is now paying Rs 60 per mensem for the maintenance of a jutka. There is therefore justification for the grant of the allowance (Rs 50) recommended by the CE although the usual rate for jutka is much less +

x Rs 12 only

20



P.W.D. U.O. 4013-II/42-1
20-10-42

Finance (C.S.R.)

Please see the previous note of this department on p. 3 ante and the P.W.D. note on page 4 ante.

The C.E. states that cycling on a push bike is not possible at Mangalore. As the Asst. Engineer says that he is paying Rs 60 per mensem as hire for a jutka the Chief Engineer recommends that he may be allowed a conveyance allowance of Rs 50 per mensem. The P.W.D. support the proposal.

The fact that the Asst. Engineer is paying Rs 60 p.m. as hire for a jutka is not a sufficient justification for giving him a conveyance allowance of Rs 50 p.m. (which is the allce usually given for maintaining a motor car) If the officer owns a jutka, the cost of maintenance will be much less. The rate of conveyance allowance usually granted for maintenance of a jutka, viz., Rs 12, is a uniform rate applicable to all departments; and if the proposal (for the grant of a car allowance) is agreed to in this case, it will become an inconvenient precedent. Finance may therefore suggest that allowance at the usual rate (Rs 12 per mensem) may be sanctioned in this case from the date on which the officer joined the sub division.

recd 23.X.42 Sp 23.X.42

Ulg 24.10.42

What conveyance does the Spl ARP Officer at Mangalore have to keep for his Rs 50 pm — also the RP Asst. Engr. Calicut for the Rs. 50 sanctd in (K)? Dnd 26.X.42

The Special A.R.P. Officer, Mangalore, has been granted a conveyance allowance of Rs 50 on condition that he keeps a motor car. (Or Rs 25 otherwise)

The ARP Asst Engineer Calicut who was granted a conveyance allowance of Rs 50 p.m in G.O. 2307 P.W.D. 6.7.42 Keeping a motor car

The ARP Asst. Engineer Mangalore in this case will have to keep a car if he is to be

given a conveyance allowance of Rs 50; but Secy has already remarked that a car is not essential for him (Page 3 ante)

26.X.42

The officer says that he is now hiring only a jutka. A jutka allowance in the present case seems ~~were~~ for sufficient. The usual rate for maintenance of a jutka is only Rs 12 per ~~month~~ & this has been recently prescribed for supervisors working in N.W.F. Camouflage (Sp. 3 P.W.I dy 2.10.42). (B)
